NSBE HACKS
SPONSORSHIP PACKAGE

36-HOUR HACKATON
IN-PERSON TORONTO
FEB 21 - 22

WHO WE ARE

The National Society of Black Engineers University of Toronto
Student Chapter

OUR ORGANIZATION

30,000 active members world wide, making it the largest student managed non-profit in the world!

OUR CHAPTER

Founded in 1999, NSBE UofT is the largest NSBE chapter in Toronto, and an important resource for students across our 3 campuses.

OUR COMMUNITY

We pride ourselves on the strong, dynamic and lasting community that we have created between NSBE partners, chapter clubs, alumni, and students.

OUR INITIATIVES

Each year we focus on activism, community outreach, and leadership for the Black community in both technology and engineering spaces.

nsbe.sa.utoronto.ca

NSBEHACKS UOFT

Our largest event of the year, NSBE Hacks welcomes over 200 participants yearly!
It is the **first student-run hackathon centred on the experience of Black individuals** in the technology and engineering space.

It is a **36-hour-long** event aimed at
Equalling the footing for Black students within Canada by placing them in an environment where they are encouraged to be creative and innovative.

Our hackathon is **free** for all participants
and **beginner-friendly**.

We encourage all students, regardless of racial identity and educational background to participate.

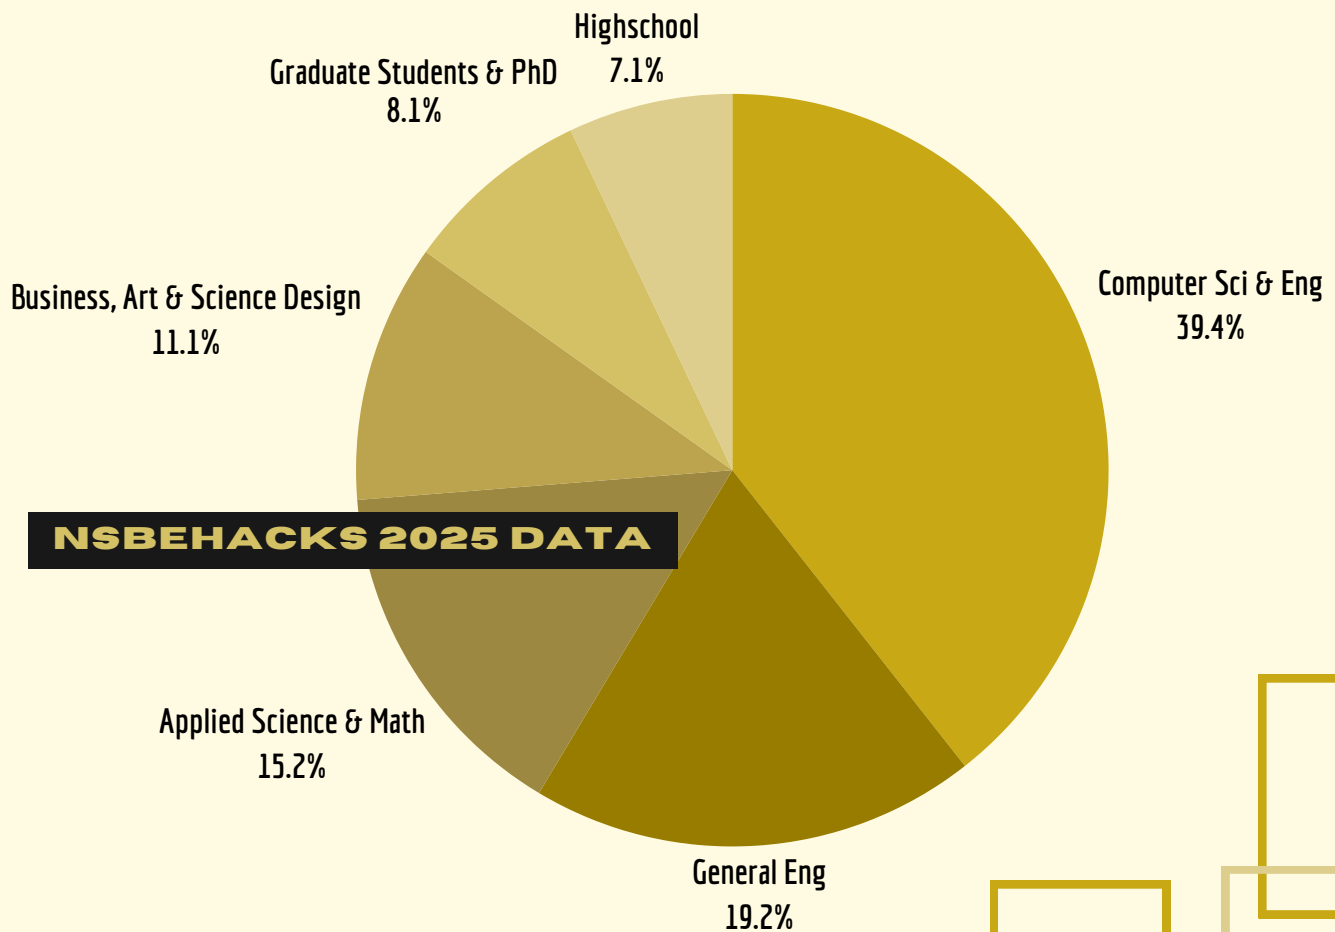

OUR DEMOGRAPHIC

At least 40% of NSBEHacks' Participants are Black Identifying individuals

NSBEHacks UofT comprises a large collection of students from different majors, including:

Engineering | Computer Science | Graduate Studies | Math and Statistics | Humanities and more...

Our participants are interested in many STEM professional fields, including Applied Engineering, Research, Programming, Consulting and More.

THIS YEAR'S THEME

HACK VENTURES

For the 2026 edition of NSBEHacks, we invite participants to step into the world of startups, innovation, and venture creation. Hack Ventures challenges students to think beyond ideas and focus on building scalable solutions that can grow, attract investment, and create real world impact.

Key design focus areas include:

- Technology driven entrepreneurship
- Social impact ventures
- Inclusive innovation and access to capital
- Product scalability and growth strategy
- Branding and go to market planning

Hack Ventures emphasizes entrepreneurial thinking by placing participants in the role of founders, builders, and investors. Teams are encouraged to consider not only what they are building, but why it matters, who it serves, and how it can scale responsibly.

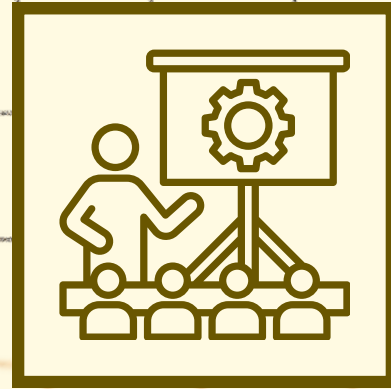

DELIVERING VALUE TO PARTNERS

CHALLENGES

Participants can choose different coding challenges.

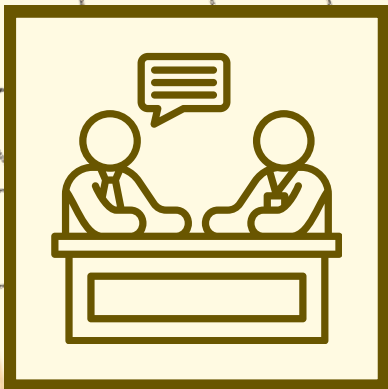

WORKSHOPS

Live and prerecorded workshops!

EVENTS

What We Offer

CAREER FAIR

Opportunity to network at company booths!

PRIZES

Great overall and minicompetition prizes!

WHY SPONSOR US?

DIVERSE TALENT

NSBEHacks will promote your organization to future professionals with diverse life experiences and technical backgrounds from Canada's top universities. We are also a part of the wider East Canada Network, bridging access to other Universities in Canada.

REACH

NSBE UofT is a non profit club at UofT, and your support helps keep our events free for everyone. We support UofT students and the wider Black community in the GTA through free outreach programs that introduce youth from marginalized communities to STEM and higher education!

MISSION

Working with NSBE will help put your organization and its products in front of a diverse and skilled upcoming workforce. NSBEHacks is a brilliant place to test and share new products and services with the brightest minds in STEM!

Beyond events, we develop our members professionally and afford them resources outside of those offered in the classroom through courses, certifications, international NSBE conferences, and beyond!

judging panel

+DIAMOND PERKS

Host your own workshop AND challenge

This offering provides a heightened level of engagement by allowing you to design a challenge based on real issues your organization encounters, while also hosting a workshop that directly engages student curiosity and learning.

You will be given speaking time during the Opening and Closing ceremonies, allowing you to interact with everyone at NSBEHacks on a deeper level. Your company acts as a source of inspiration and the headliner for NSBEHacks 2026.

Opening and closing keynote speeches

Additional features on the judging panel

This tier maximizes engagement with the NSBEHacks community on an impactful and social level. Your company representative's spot on the "Overall" and "Best Black Hack" judging panels help guide students in their approach to solving social issues. You will have a representative on the "Overall" and "Best Black Hack" judging panel each.

Note: "Best Black Hack" representative should ideally identify as black
